Background

The WIA required that if funds allocated to a local area for adult employment and training activities were limited, priority of service was to be provided to recipients of public assistance and other low-income individuals for intensive services and training services.

The WIOA made several changes to the priority of service requirement by adding individuals who are basic skills deficient as a priority population, changing intensive services to career individualized services, and removing the provision stating priority of service is only applied if funding is limited.

Veterans and eligible spouses continue to receive priority of service for all Department of Labor (DOL) funded programs amongst all participants. These requirements were not affected by the
passage of WIOA and must still be applied in accordance with guidance previously issued by the DOL and Workforce Services Directive WSD19-04.

**Priority of Service Requirement**

As stated in WIOA Section 134(c)(3)(E), with respect to individualized career services and training services funded with WIOA adult funds, priority of service must be given to recipients of public assistance, other low-income individuals, or individuals who are basic skills deficient.

Priority of service status is established at the time of eligibility determination and does not change during the period of participation. Priority does not apply to the dislocated worker population. The WIOA adult funding priority of service doesn’t affect or negate the priority of service provided to veterans and eligible spouses. A Veteran is a person who served at least one day in the military, naval, or air service, and who was discharged or released under conditions other than dishonorable. Veterans and eligible spouses continue to receive priority of service among all eligible individuals; however, they must meet NOVA’s Veteran’s Priority of Service criteria. Thus, for adult services, the program’s eligibility determination must be made first, and then veteran’s priority applied. For additional guidance on providing priority of service to veterans through NOVA’s career center system, please reference NOVA’s Veteran’s Priority of Service Policy.

Note that, self-attestation is not to be used as the primary method of gathering documentation to verify data elements. *Self-attestation as a documentation source is only to be used when the preferred options of paper documentation or third party corroboration are not available.*
