

TRANSPORTATION

The transportation industry provides services to convey people or goods from one place to another, as well as develop and maintain the related infrastructure; this sector also includes the storage or warehousing of goods.

“The net value of transportation infrastructure and other assets ... was \$8.9 trillion in 2020. The public sector owned \$4.9 trillion, while the private sector owned \$4.0 trillion.”

– U.S. DOT, Bureau of Transportation Statistics (2022)
